heart. He writes poetry. Oh, awful poetry! And he reads the Bible. Poor fellow, I believe he thinks he is having a fine time. Just as he had them when he was racing up and down Broadway in an automobile and pretending to perform delicate operations at hospitals, he still has his feminine admirers and he revels in them just as much as ever.

### Women Gush Over Him.

"You would be astonished at the number and sort of women who write to him. You should see the line of gush that some of them send him to which he replies in kind. One woman has discovered that she is his soul mate. 'But wait,' she stands alone. In all but these exceedingly rare instances the honor system is an absolute success. We have reduced the form to fundamentals now and hereafter I shall hold myself in readiness to help establish the system wherever it is asked. All I demand is that the head of the institution be in sympathy with the idea. I expect also to further the work by reducing some of my lectures and other data to text book form."

"Depend upon it, the honor system may be hindered, but it cannot be hurt by its enemies. It will go right along whether I am at Sing Sing or in the grave."

Wilson. It will carry 50 women to the Ferry building and will be decorated with such signs as "Welcome to our City—It's for Wilson," and "I'd rather ride in a People's jitney than a billion dollar special."

When the Hughes women start for the St. Francis hotel the "rubberneck wagon" will be right behind them and the Wilson supporters will be hot on the trail thereafter until the visitors leave.

But there is to be no actual interference, according to a request from Mrs. Louise H. Wall, one of the Wilson leaders.

"We have received letters from the woman's party asking that we do not interfere with their activities and we believe that these women, who are guests of the city, should be given a respectful hearing," said Mrs. Wall today. "We don't want to interfere with their right of free speech."

## Marathon Racer to Make 100 Mile Run

Milwaukee, Wis., Oct. 17.—Sidney Hatch, Chicago marathon runner, today is making final preparations to undergo the supreme test of physical endurance tonight when he begins his 100 mile run from here to Chicago.

Hatch will start at 8 o'clock tonight and expects to reach Chicago at 1 p. m. Wednesday. Track experts look for him to lower the record set in 1907 by Albert Corey, who made the run in 18 hours and 33 minutes.

Hatch is 33 years old and weighs 160 pounds. He is in excellent training from running 15 to 20 miles daily. He will be conveyed by an automobile carrying physicians for emergency needs. As Hatch runs he will be handed raw eggs, hot tea and lemonade for nourishment. To light his path during the night run a searchlight mounted on an automobile will be used.

## GRABS HIS CLUB AND HITS THE WAR TRAIL

### The Colonel Starts On Tour of Five States—Speaks First at Louisville

By J. P. Yoder.

(United Press staff correspondent.) New York, Oct. 17.—Republican Theodore Roosevelt. The colonel left at 10:30 for his big western trip. He is to speak in five states, Kentucky, Arizona, New Mexico, Colorado and Illinois.

The major part of the colonel's efforts will be made in Kentucky, where he is scheduled for 13 stops and short platform speeches before swooping down on Louisville for his first real offensive of the tour. Offensive is meant both ways. The colonel said, upon leaving today, that he intends to make it as much that way as possible to the democrats.

The colonel will begin his speaking at Falmouth at 8:30 tomorrow morning. He will have mighty scant intervals of rest until he concludes the short talks at Lebanon Junction at 7:30 in the evening for a three hour and a half stop where he delivers a carefully prepared address.

The question of a New York state trip and a trip to Pittsburgh and perhaps a few places in Indiana and Ohio will not be decided until the colonel's return to New York Saturday, October 23.

## Court House News

Two divorce suits were filed yesterday. The first separation was asked for by Kate L. Cook from Berton C. Cook. The complaint states that they were married at Tacoma, Wash., March 15, 1904, and that to the union a daughter, Katherine, aged ten years, was born. The plaintiff charges desertion and asks a decree of separation and support for herself and child.

The second complaint stated that Margaret Howard Murray wished to be divorced from Charles E. Murray. She states they were married at Vancouver, Wash., in November 1913, and that no children have been born to them. She alleges failure to support and to give her the comforts of life. Therefore she wants the marriage relation dissolved.

Suit for an accounting of money alleged to have been given the defendant by W. M. Gorsline, who died May 15, 1915, for the purpose of investment, has been brought by D. B. Gorsline, executor of the estate of W. M. Gorsline, against Jennie A. Gore. The plaintiff states that before death the deceased gave Jennie Gore large sums to

## Stocks Climb Higher On Very Active Market

New York, Oct. 17.—The boom which struck the stock market during the last 15 minutes of trading yesterday carried over today, leaders adding to the wide gains of the exciting closing minutes in early trading.

United States Steel opened at a full point advance, selling at 113 7/8. Announcement of foreign holdings of steel today showed that Europe had sold 80 per cent of its holdings of steel since the war started, and on recent sales reaping a rich harvest of profits on its investment because of the high quotations of the stock.

Reports that J. P. Morgan has practically completed in London negotiations for another quarter of a billion dollar British loan to be floated here, had bearing in market sentiment today as the bull movement again got under way.

American Hide and Leather sold at 20 1/2, up 8 1/4 in two days. Railway steel spring made an initial gain of 1 1/4; Willys Overland 1 1/8 and Reo and Public Steel 1. A few stocks which gained yesterday were fractionally down.

The million share mark was passed at 1:30. At about the same time United States Steel began leading the market, selling at 114 1/2, up 1 5/8. Tennessee Copper advanced 1 1/2 to 24 1/2.

He loaned out by her. Gorsline alleges she has not made any accounting to him of these moneys and asks the court to compel her to do so.

H. Steinbock, Salem junk man, figures as defendant in a suit for the recovery of money on an over draft in the sum of \$159.40, which Frank Schwartz, as the Alaska Junk company is trying to recover in the circuit court.

The plaintiff and the defendant on May 11, 1916, entered into a contract whereby the plaintiff agreed to buy goods from Steinbock. Now Schwartz alleges that Steinbock pretended to ship certain merchandise to him and drew for it a sight draft, with protest fees, in the sum of \$481.95, which Schwartz paid. But he says Steinbock shipped goods worth only \$332.55 and that he refuses to repay the over draft.

For a second cause of complaint against Steinbock, Schwartz alleges that he purchased certain tents and awnings from Steinbock in the sum of \$40 and that the defendant issued thereon a worthless and unbankable check, which he refuses to repay. Therefore he asks judgment of the court.

The high cost of war has struck the court house and elections in which the cost of colored paper on which to print the sample election ballots has increased three times over the cost two years ago. Now the county is required to pay twelve cents for paper when at the last general election it paid four cents. White paper has doubled in cost and is now ten cents per pound when formerly it was five cents. As a result the new ballots are smaller than heretofore and will look less like book sheets and more like pillow slips. Sample ballots in a beautiful shade of light green are now on hand in the county clerk's office and may be had upon request in writing or by calling at the office. Of the

sample and original white ballots, there have been over 25,000 of each printed. These will be sent to the various precincts of the county along with the ballot boxes and other election material about the last of the month.

Registration figures for Marion county for 1916 are as follows: Republican, 11,800; Democrats, 3,671; progressives, 43; prohibition, 616; socialist, 321, and miscellaneous, 490. The total registration therefore is 16,941. In comparison with last registration the figures show a slight gain of republicans and a slight loss for the democrats. The progressives have been practically eliminated, the prohibitionists have lost by over eight hundred, and the socialists have lost a few. The total registration for 1914 showed 17,212 voters, divided among the parties as follows: Republicans, 10,125; democrats, 4,115; progressives, 250; prohibitionists, 1,435; socialists, 370, and miscellaneous, 917. The difference between the two totals of 271 is not an actual decrease in the number of voters but is a result of the new method of registration by which the voter can easily cancel his registration in one precinct when he moves to another. Heretofore this cancellation has been difficult and has resulted in several duplications. This year there have been three times the cancellations of registrations on account of people moving about than two years ago.

A marriage license was issued this morning to Carl Edwin Oslund, of Donald, and Minnie Ruth Care, also of Donald.

### GOOD OLD SPORT BURIED

San Francisco, Oct. 17.—Billy Jordan's cry of "let 'er go," with which for 40 years he has started prize fights on the Pacific coast is silenced forever.

For the veteran announcer, known to every sporting man in the country was buried today at the soldiers' home in Yountville. As a veteran of both the army and navy during the Civil war, Jordan was accorded full military honors.

Several hundred sporting men and boxing enthusiasts attended the funeral and paid a final tribute to the old man.

**Catarrah Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy. Catarrah Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrah, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

## ADMIT VILLA HAS ARMED FORCE OF 1800

### Reports From State of Zacatecas Show Typhus and Yellow Fever Epidemic

El Paso, Texas, Oct. 17.—For the first time since beginning their campaign against Pancho Villa, Mexican de facto government officials admitted the location and importance of the size of the bandit chief's forces, when it was announced today that Villa with his main body of 800 well armed men and more than a thousand recruits, partly armed, are near Temohachi, about one hundred and fifty miles southwest of El Paso, the southernmost outpost of General Pershing's American expedition.

A detachment of Villistas is being sent into the foothills of the Sierras by Villa, according to a message from General Trevino, Carranza commander at Chihuahua City, to General Gonzales at Juarez to recover machine guns, ammunition and military supplies hidden by the bandit leader months ago.

Extinction of the population in the towns of the state of Zacatecas by starvation is threatened unless aid is given at once, according to a circular from an aid society sent to Juarez. The circular stated two thousand persons have died of starvation in the capital of Zacatecas in the past four months and that typhus and yellow fever epidemics are raging there now.
